

# Importance of forests

Fill in the circles:  
What important roles  
of forests were  
mentioned in the  
video?

Can you find more?  
Invent?

What wooden and non-wooden products do you have at home? Make a note of them:

Paper	Furniture, small household items	Building materials	Animals from the forest and their products	Mushrooms	Medicinal plants	Firewood	Clothing & fabrics	Recreation, clean air, forest microbes	Peace & quiet, spiritual experiences	Other

How can you actively contribute to sustainable forest use?

How can you make sustainable use of wood and non-wood forest products?

Think about this together.

Write down 3 actions that you can easily perform.

Write down 3 actions that call for more effort.
